

# How to Create a Not Spam Report Button in Outlook

## Introduction

When you receive an e-mail that you believe should not had been marked as **[SUSPECTED SPAM]**, you can typically forward that e-mail as an attachment to our team to [ham@deeztek.com](mailto:ham@deeztek.com). This usually involves selecting the e-mail in question, clicking on **More** in the **Respond** Outlook ribbon toolbar, selecting **Forward as Attachment (Figure 1)** filling out the **To** field with **ham@deeztek.com** and clicking **Send (Figure 2)**.

While this is not very time consuming, you can simplify this process by creating a **NOT SPAM** button in Outlook to speed up the process.

# Create a Not Spam Report Button

In the Outlook **Quick Steps** ribbon toolbar, click on **Create New** (Figure 3).
